

BUILDING OF SKATING AND CURLING RINK ENDORSED UNANIMOUSLY AT MEETING HELD MONDAY NIGHT—BUILDING OF RINK WILL BE COMMENCED AT ONCE

At the meeting on Monday night called to consider the proposed building of a covered skating and curling rink at Macleod the ratemakers and others present were unanimously in favor of the proposal.

The meeting was called by the Mayor and Council to discuss the question of building an up-to-date covered rink. Mayor McDonald, who presided, explained what steps had already been taken with that end in view. The Mayor first of all reviewed the financial position of the town today compared with 8 or 10 years ago, noting especially the reduction of taxes and the accumulation of surplus funds now at the credit of the town. He told the meeting of his recent visit to Edmonton, where he met the Utilities Commission, and placed the matter of building the rink out of the funds of the Town before the commission, and that he had received their consent to the expenditure of the town funds for that purpose. He also interviewed the Minister of Public Works and his Deputy with regard to securing a site on the Town Square, which is Provincial property. They also, Mr. McDonald told the meeting, readily consented, on condition that the building would be of a structure in keeping with such a prominent position. On his return to Macleod Mr. McDonald at once instructed H. W. Meach, Architect, Lethbridge, to draw a number of plans where there were covered rinks, and to draw up plans for Macleod. The plans had been prepared and were submitted to the meeting and thoroughly explained by the Mayor. The building will be about 170 ft. by 204 ft., and the design is certainly up-to-date in its conception. The building will have a full sized skating rink in the centre, with seating accommodation for over 1500; two curling rinks are placed on each side, giving four sheets of ice for curling. At the front there are 2 waiting rooms for the curlers, 2 dressing rooms for hockey players, 1 large general waiting room, 1 refreshment counter, 2 ticket offices, and 4 lavatories. The rooms are all large and commodious, opening into a wide corridor running the full width of the building. The building will be frame with outside stucco finish, and is expected to cost from fifteen to seventeen thousand dollars. Specifications will be drawn up and tenders called immediately, the idea being to get the construction going at once so as to alleviate the unemployment situation locally.

When the resolution was moved and seconded in favor of the building there was not a single vote against it—so far as could be seen every hand went up in favor of the motion.

Among the things that reconcile a husband to bridge is the memory of Mah Jong.

WHEAT POOL MEETING AT MACLEOD DREW BIG ATTENDANCE OF FARMERS—AUDIENCE EVINCED MUCH INTEREST

What is said to be the largest meeting of farmers seen in Macleod for many a day was the meeting in the town hall on Saturday afternoon, held in the interests of the Wheat Pool. Joseph Horner, farmer of the Rathwell district, a member of the Wheat Pool, Mr. Strang, an enthusiastic supporter of the Pool, occupied the chair and introduced the speakers, E. E. Eisenhauer, field supervisor, of Lethbridge, and J. J. Strang, Claresholm, one of the Alberta directors.

A large number of most interesting pictures were thrown on the screen, illustrative of the operations of the Wheat Pool. Mr. Strang operated the lanterns and Mr. Eisenhauer in clear and forceful language gave an instructive description of the pictures, which included the methods of grading, all the terminal elevators owned and operated by the Pools, the unloading of wheat from the cars and then loading from the elevators into the ships, which are carrying the Canadian wheat to the foreign ports.

During the course of Mr. Eisenhauer's remarks he not only showed the remarkable progress which the Pool had made, and the enormous benefits which the farmers had reaped since the Pool was organized, but he also told his hearers of the tremendous efforts that had been put forth by the enemies to discredit and wreck the pools, so that the entire wheat trade in years gone by had made out of the farmers, which was now being divided among the Pool members, would again flow back into the coffers of the grain dealers. Mr. Eisenhauer showed that 51 per cent of the grain marketed in 1929 was handled by over 200 grain dealers, which was a striking illustration of the standing of the pools, and the salesmanship of the Pool officials.

Pool's Position
At the close of showing the pictures, Mr. Strang was introduced, and speaking from intimate knowledge as one of the Alberta directors, told the audience of the sound financial position of the pools, explaining in a clear and lucid manner the operations of the past few weeks, when a financial crisis was looming on the horizon, and the satisfactory steps that had been taken and arrangements made to avert a crisis, so that the interests of the members of the Pools would be fully protected. He went very fully into the details of the marketing of the wheat and showed very clearly from prices quoted over a number of years the benefits which the members, and even non-members, had derived from the operations of the Pools. Mr. Strang also gave much information regarding the operations of wheat growing and marketing in other countries, and the conditions which the Pools were contending with, specially referring to the methods in the Argentine, and the high duties which a number of European countries had put on foreign wheat during the year 1929.

At the close of the addresses quite a number of questions were asked, and Mr. Strang was able to give very satisfactory answers to several interesting points.

MACLEOD PRESBYTERIAN HOLD HALF YEARLY MEETING

The half-yearly meeting of the Presbytery of Macleod of the Presbyterian Church in Canada was held in St. Andrew's Church, Macleod, on Wednesday afternoon, March 6th.

The Rev. W. E. Kelley, M. A., St. Andrews' Church, Lethbridge, Moderator, in a clear and lucid manner, with Rev. Alex. Ferguson, M. A., Macleod, Clerk of Presbytery.

The members of Presbytery present were: Ministers—Rev. W. E. Kelley, Rev. Alex. Ferguson and Rev. E. Barnes, Granum, also Rev. Dr. M. White, of Calgary, Synodical Minister.

ALBERTA ADOPTS POOL AID MEASURE — HOT ATTACK MADE ON PRINCIPLE BUT NO OPPOSING VOTE

Edmonton, March 4.—With opposition members registering strong protests against the lack of information contained in the wheat pool guarantee measure, as to the amount involved, the time limit, the security offered, etc., but without a final dissent vote, Premier Brownlee's bill to guarantee the wheat pools in their financial dealings with the banks, passed second reading Monday afternoon in the provincial legislature.

Despite suggestions that certain points should have been included in the bill that are not there, it is not at all likely that there will be any amendments proposed when the bill goes into committee, since the house, having finally approved the principle, is not likely to change the text of the bill, so that it will be out of line with the concurrent legislation in the two other legislatures of Saskatchewan and Manitoba.

Commissioners to the General Assembly which meets in June, were appointed as follows: The Rev. Mr. Kelley, Minister; M. Matheson, Elder; H. Mackintosh, Rev. E. Barnes and H. Mackintosh. There was a public meeting in the Church Wednesday evening at which the Rev. Dr. White and Rev. Mr. Barnes were the speakers.

This year the suckers will lose their money in forty ways, as they normally do, and Wall Street won't shed a tear.

OBITUARY**DEATH OF MRS. COLIN GENGÉ**

The funeral obsequies of Mrs. Colin Gengé, who died at the Macleod General Hospital on Sunday evening, March 2, took place on Tuesday morning, March 4th. Mrs. Gengé had a paralytic stroke early last week from which she never rallied, and passed quietly away, surrounded by all the living members of her family, between 6 and 7 o'clock on Sunday evening.

Mrs. Gengé was 66 years of age and was born in Melbourne, Australia, where her father, the late Staff-Serjeant, John Ryan, was in the British army and was stationed in that city. Serjeant Ryan was lent by the British army to the Canadian government about the year 1870 and the family came to Canada and located at Ottawa. Mrs. Gengé's brother, Charlie Ryan, came to Macleod with the Mounted Police in 1874, and in 1883 the family left Ottawa and followed Charlie to Macleod, where they came West early that year, the C. P. R. had reached within 14 miles of Medicine Hat on the day they arrived. Charlie Ryan met them at the train and brought them on to Macleod. They travelled in a wagon and democrat and camped one night at Coalbank, now Lethbridge, consisting then of only five buildings, and these were only two-by-fours with canvas coverings.

The family first took up residence north of Macleod near Willow Creek and were reunited as a complete family, after several years of separation. The following year, on November 30, 1884, Mr. and Mrs. Gengé were married, and Hiram Bates, who was one of the pioneers today, was best man at their wedding. Thus Mrs. Gengé has lived the greater part of her life in Macleod, never having left the old town since she was married.

Ten of a family blessed their wedded life, but only five remain to mourn the departure of a much loved and devoted mother. Colin Gengé, her husband, was honored by being elected as a member of the Legion of Honor, and was also a member of the Order of the British Empire.

She was seized with a serious illness which proved fatal, carrying him off before he had much opportunity of serving his constituency. Since his decease about twenty years ago, Mrs. Gengé has lived a quiet life in Macleod, very highly respected and loved by a wide circle of friends, a manifestation of which was seen in the large assembly present at the funeral Tuesday.

Mrs. Gengé is survived by three sons and two daughters, Colin of Vancouver, Nelson of Calgary, Melville (Bunny) of Calgary, Mrs. George Scougall and Miss Dolly, both of Macleod. She is also survived by one sister, Mrs. (Senator) DeVeber, of Ottawa, and one brother, W. J. Ryan, of Macleod.

The service in the Holy Cross church was the Requiem Grand High Mass, with choir, the celebrant being the Rev. Father Ross; the deacon was the Rev. Father Hughes of Granum, and the master of ceremonies was the Rev. Father Moreaux of Cardston. Father Moreaux also gave the oration, which was couched in beautiful language, most suitable for the occasion. There was a large display of beautiful floral tributes sent by sorrowing relatives and friends.

The pallbearers were all old-time friends of Mr. and Mrs. Gengé: Hiram Bates, Sam Heap, Jas. R. McLean, Wm. McNab, H. W. Bright, and W. A. Day. Mr. Bright was the special representative of the Southern Alberta Old Timers' Association. The Association also sent a wreath.

MOUNTAIN VIEW LODGE No. 4, I. O. O. F. MACLEOD, CELEBRATES 40th ANNIVERSARY—GRAND MASTER MORDEN, LETHBRIDGE, PRESENT

Forty years record of a lodge in a town the size of Macleod is something to be proud of, but that is the record of Mountain View Lodge No. 4 of the Independent Order of Odd Fellows, that celebrated the 40th anniversary of the institution of the lodge Wednesday, February 26. The celebration took the form of a card party and dance, over 300 invitations were sent out and about 250 responded to the invitation, which necessitated the engaging of the large Hudson's Bay Hall, there being over 50 tables playing progressive whist. The prize winners were, ladies' first, Mrs. Nash; second, Mrs. McEae; consolation, Mrs. Alcock. Gentlemen's first, P. Brooks; second, W. A. Day; consolation, D. McLean. The celebration was graced by the presence of three grand lodge officers, viz., the Grand Master, Bruce Jordan, Lethbridge; the Grand Warden, J. B. Allison, Granum, and the Grand Chaplin, B. Coutts, Claresholm.

A splendid luncheon was served by the three-link brothers and before rising from the tables, Brother Hiram Bates, P.D.G.M., introduced Brother E. Foster Brown, P.G.M., to the Grand Master, who presented Brother Brown with a 25 year veteran's jewel. The Grand Master in making the presentation, spoke of the pleasure it gave him at being present at this the 40th anniversary of Mountain View Lodge, and spoke in laudatory terms of the wonderful record made by the lodge during the 40 years, and specially emphasizing the share which Brother Brown had contributed to that splendid record, also the services which he had rendered to the Order as one of the first Grand Masters of the Grand Lodge of Alberta. Brother Allison, P.D.G.M., then introduced Brother E. Foster Brown, P.G.M., to the Grand Master, who presented Brother Brown with a 25 year veteran's jewel. The presentation of these two jewels increases the number of veterans belonging to Mountain View Lodge to about ten.

Gives Address
Previous to the presentation of the jewels, Brother Tom Clarke one of the oldest veterans of the lodge, gave an address of welcome to the assembled guests. Brother Clarke said in part: One behalf of Mountain View Lodge No. 4, I. O. O. F., I bid you welcome. We are met this evening to commemorate the 40th anniversary of the Order in Macleod, the Sovereign Grand Lodge having issued a Charter early in 1880. Mountain View lodge was instituted very shortly afterwards. In the early days we drew our membership from many sources, there being officers and men of the Mounted Police, lawyers, doctors, preachers, fur traders, and even an occasional cowboy. During the 40 years the lodge has never been called upon to expel a member for conduct unbecoming an Odd Fellow. On the contrary many of our members have attained a high position in public life.

When the floor was cleared, an enjoyable two hours was spent in dancing, the music which was of a high class order, was supplied by the following orchestra: Violin, Mrs. Vise; piano, Ernest Charlton; sax, E. Thompson; banjo, J. A. Edgar; drums, C. Edgar; Brother W. Fleming, D. D. G. M., was master of ceremonies, and he carried out the duties in his usual efficient manner.

CLARESHOLM HOSPITAL PROPOSAL DEFEATED — VOTE SATURDAY 788 FOR AND 545 AGAINST — LAW REQUIRES TWO-THIRD VOTE

Clareholm, March 3.—The proposed municipal hospital scheme voted on Saturday failed to carry. The vote stood 788 for and 545 against the law calling for a two-thirds vote to carry.

Three townships north and east of Parkland turned in heavy votes against the scheme—the result being 197 against and only 16 for. The vote in Clareholm stood 418 for and 25 against. Starline gave 63 for the measure and none against with the next township west reversing this verdict: 39 for and 15 against.

These figures indicate the sharp divergence of opinion in various sections. The town of Stavely was not included in the proposed hospital area.

and practical life, one even being elevated to the Senate, the late Senator De Veber, who passed away a short time ago. Another early member is now filling a high position in public life, Commissioner W. C. Bryan, head of the Alberta Provincial Police. During our long career we have passed through stormy periods, epidemics have carried off brothers, whose sorrowing ones had to be cared for, and this work the Rebekah ladies have greatly helped to carry out the aims and objects of the two lodges, viz., "To relieve the distressed, to visit the sick, bury the dead and to educate the orphan."

"Having every faith in the future of our order in Macleod, some years ago we erected a commodious and comfortable hall, in which we hold our meetings and conduct the business of the lodge. We claim the proud distinction of being the only secret society in the town owning its own hall and without a dollar of indebtedness upon it. No doubt many of you may have seen the three golden links of our order, and may even have remarked upon the letters, F. L. and T. I do not think that I should be divulging anything of a secret nature, when I tell you that our great fraternity, "Wars against evil in all its forms. Friendship towards man prompts the contest, the gentle influence of Love supplies the weapons. Truth consecrates the effort and leads to victory." You will notice in the sentence quoted, three prominent words: Friendship, Love and Truth, the initial letter of each being the letters engraved on our emblem. Many thousands of dollars are being expended hourly the world over by our Order in relieving those in affliction and distress. Orphan-ages have been provided for the children of deceased brothers and schools and colleges have been endowed where older boys and girls receive training fitting them for future life in the world. Homes for the aged and infirm of both sexes where the old people are cared for and their declining years made pleasant and comfortable."

THE CHEMIST'S RESPONSIBILITY

A London chemist predicts that newspaper paper may eventually be made out of air, so that exhaustion of the pulpwood forests which now constitute the source of supply will not put all the newspapers out of business.

His statement recalls, once again, the supreme importance to this modern world of synthetic materials. We are using up our natural resources at a terrific rate. Within a few decades some of our most essential raw materials will be practically gone; wood pulp, out of which newspaper is made, is only one of them.

If the chemists can find new ways to make these things we shall not have to worry. If they can't, the world is going to face some extremely difficult problems during the next century.

TWO OTHER FELLOWS, PROBABLY

One of the strangest arguments in history is the never-dying feud over the authorship of Shakespeare's—or Bacon's—plays. The mild debate over authorship of the American Declaration of Independence

never attained anything like the prominence of the Shakespeare-Bacon controversy. A gentleman has just bobbed up in California—of all places!—with "irrefutable evidence" that Bacon wrote the plays. But, in a few weeks, somebody in Bombay or Batavia, will come forward with equally irrefutable evidence on the other side.

We don't suppose it matters much, but if you want our personal opinion in the controversy, it wasn't Shakespeare and Bacon at all, but two other fellows.

HUMAN RADIO SETS

The human body, says a French scientist, functions as a radio broadcasting and receiving set. He might add that it goes the radio set several better.

Man, learning to control cosmic energy, unconsciously or instinctively, imitates with his constructive brain the principles already perfected by his body-brain. Each of his little nerves receives and sends impulses at incredible speed to and from the broadcasting station. Man-made radio cannot yet achieve that; but it progresses fast.

Continually science finds new evidence of the body's relation to electricity. Perhaps soon this evidence will be co-ordinated and a new and comprehensive theory of life emerge.

Electricity once worshipped and known only as thunderbolts, has become one of the most benign forces in civilization. It was merely a question of application. Already it heats, lights, cures, sustains life, exchanges thoughts, transmits images, freezes and does all manner of chores for us. And research into its possibilities is only fairly started.

At breaking dawn today, an aerial postman finished out of the west to land at Regina, Sask. Eastward through the night, his plane had followed a beacon-lit trail from Calgary in southern Alberta. A few moments' wait, and the winged letter wagon resumed its flight along the remainder of the 800-mile route to Winnipeg. The long flight over the snow-layered prairies was completed when the mail plane swooped down at Winnipeg shortly before noon.

Alberta, Saskatchewan, Manitoba—three broad provinces roll beneath the speeding wings in just eight hours—and only 192 years ago the first "paleface" saw the ocean of prairies stretching toward the setting sun. It was in 1738 that Pierre Gaultier De Varennes, Sieur De La Verendrye, rode to the Indian settlement that is now Winnipeg. Four years later, one of his sons was the first European to see the mountain summits towering into western clouds.

Today, too, the cloud-riders are bearing heavy loads of first-day mail from Regina to Edmonton, in north Alberta—500 miles. They soar over land where buffalo once roamed free, where rattled Red River carts of the old pioneers, where Indians fought, where the history of the newer Canada was written. Meanwhile, another plane makes the southeast journey from Edmonton to the Regina field.

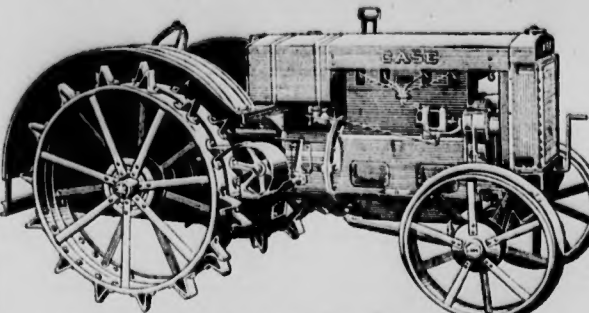

Westward Trip
Into the prairie darkness tonight a mail plane from Winnipeg darts toward the Rockies on the first westward trip over the main line route. In the twilight before daybreak tomorrow, its cargo will have

been delivered in Calgary—delivered in time to catch a westbound train that had left Winnipeg a full day ahead of the fleeting mail craft.

Not quite a half-century back, the first sod was turned for the new Canadian Pacific Railway line westward from Winnipeg. Yet already the 100-mile-an-hour planes have been summoned to the aid of the two railroad lines that now reach across the prairies to the Pacific. The west has joined the east in air-mail progress—and Canada has taken definite place among the nations that lead the world in aviation.

La Verendrye was the true discoverer of the Northwest, but the airmen carrying his majesty's mail are just as truly pioneers. They have sent enemy craft crashing earthward in wartime combat; they have patrolled thousands of miles of forest land; carried prospectors to their hidden claims; scoured Canada's shores in search of missing men. And now they're "posties" on a route through the clouds.

ALBERTA POOL AID BILL—GUARANTEE PLAN IS OUTLINED BY BROWNLEE

Edmonton, Feb. 27.—The three prairie provinces will guarantee the banks against any loss in connection with their present or future loans to the wheat pools, to handle the balance of this year's crop, Premier Brownlee announced in the legislature Thursday afternoon, when moving the house into committee for the introduction of the bill to guarantee the wheat pools.

The Alberta government is to guarantee the Alberta wheat pool's borrowings, and the pool is to guarantee the province against any loss on the provincial guarantees.

As the Alberta wheat pool has commercial reserves of well over \$2,000,000 as well as other assets of a very substantial nature, the risk to the province has been practically eliminated, Mr. Brownlee added.

The premier further pointed out that unless wheat sold at considerably less than a dollar a bushel for the balance of the unsold crop, no loss could result to the government under the guarantee.

Edmonton, Feb. 28.—If Canada's total wheat crop was 300,000,000 bushels, and if the amount for export 240,000,000 bushels with the wheat pools handling half the export crop on a basis of two-thirds handled by the Saskatchewan pool, and one-third divided between Alberta and Manitoba, a drop of ten cents below the dollar a bushel price would not obligate Alberta for over \$4,000,000, leaving, after deducting the Alberta wheat pool's security guarantee of \$2,500,000, a net liability to the province of \$1,500,000.

This was the statement made by Premier Brownlee in the Alberta legislature on Thursday, when speaking to the wheat pool guarantee bill in committee, before moving first reading of the bill.

The bill provides that the Province of Alberta will, in return for security given to it by the Alberta wheat pool in the shape of assets estimated to total \$2,500,000 if realized, guarantee the banks for such advances made and to be made to the wheat pool on account of last year's crop.

This was the statement made by Premier Brownlee in the Alberta legislature on Thursday, when speaking to the wheat pool guarantee bill in committee, before moving first reading of the bill.

The bill provides that the province of Alberta will, in return for security given to it by the Alberta Wheat Pool in the shape of assets estimated to total \$2,500,000 if realized, guarantee the banks for such advances made and to be made to the wheat pool on account of last year's crop.

The air industry rejoices because life insurance will be good if you fall. But what we want is some good insurance that there won't be any falling.

If you can't express your ideas well enough to make the simple understand, you can still soothe your vanity by calling the world stupid.

Daughter no longer pulls at her skirt to cover the knees, but her hands keep in practice. There's Dad's leg to pull.

It is estimated that 30,842,960 adults know how to boss the human race and wonder how to handle their own children.

A Two-Sided Story

Following is a letter that appeared in a Western newspaper, written by one of its readers. There is information in it for storekeepers: "Your paper is always boosting that home-town buying is the right thing, for if everybody bought away we would not have a town very long. In your editorial a week or two ago you said there would be less buying from catalogues if every merchant would advertise, because it is advertising that keeps the catalogue men going. Well, I believe that's right too, but one thing I would like to see all the local merchants do, and there are more who think the same, and that is for them to print the prices as much as they can in their advertising. And I also think that if the prices are going up they should say so and tell why, if they know. These times we all have to bite our nickles, or most of us, and we certainly don't like the idea of prices going up on staples particularly, and not a word about it till you reach the store. I am not an advertising expert, but I know what I would like to see in my local paper along that line and that is a lot of genuine information about goods and prices every week. Then we should feel better and if we were being fairly treated there would be less sending away. I hear this talked about a lot, so thought I would write you."

Mr. Merchant, tell your message to the people of this town and vicinity in "The Times"

GRANUM LOCAL NEWS

C. E. Henker motored to Champion on Tuesday.

Ervin Henker, of Calgary, was a Granum visitor last week.

Miss Mable Watson, of Calgary, is the guest of Miss Vera Yorkason.

J. B. Allison, of Calgary, is renewing old acquaintances in Granum this week.

Russell Blair, who is attending Tech. at Calgary, spent the weekend at his home in Granum.

Mrs. J. Peterson returned to her home on Friday after spending several days with her sister, Mrs. G. Fletcher.

Mrs. T. Narkaus and daughter Maxine and Mr. and Mrs. O. Wallace motored to Calgary Tuesday returning on Wednesday.

Mr. and Mrs. C. Wells delightfully entertained at Bridge Friday night at their home. A bounteous lunch was served at midnight.

Misses W. Sandgathe and I. Lancaster, of Calgary, were guests of the former's parents, Mr. and Mrs. F. J. Sandgathe, over the weekend.

Mr. and Mrs. W. A. Blair and R. F. Smith motored to Calgary Sunday, taking Russell Blair back to school. They returned Monday night.

A Big Dance will be held in Reynolds' Hall on Friday, March 7th, sponsored by the local Orchestra. Gents \$1.00; Ladies 50c. Lunch included.

The Women's Institute will hold a Bridge Drive Monday, March 10th. Everybody be on time—8:30 sharp. A good lunch will be served by the ladies. Good prizes.

Some 150 were in attendance at the John Deere Tractor School at Granum on Monday. Very interesting talks were given by H. Dann, W. Harris and J. Zerk of Calgary.

The W. C. T. U. of Granum wish to announce that they will hold a Pantry Sale and St. Patrick's Tea at Reynolds' hall on Saturday afternoon, March 15th, starting at 3 p. m. Everybody come.

The Women's Institute will hold their next regular meeting at the home of Mrs. W. Byers, Wednesday, March 19th, at three o'clock in the afternoon. Dr. Farnel, of Macleod, will speak on Preventive Dentistry.

The U. F. W. A., Granum, will meet at the home of Mrs. A. McGregor on Tuesday evening, March 11th, at 7:30 p. m. The ladies are having a debate on "The Wheat Pool." Lunch will be served. Visitors welcome.

The B.P.O.E. No. 109, Granum, will give their 5th Annual Ball at Boyle's Hall, Granum, on St. Patrick's Day—Monday, March 17th, 1930. Dancing at 9 p. m. Special 5-Piece Orchestra. Lunch served at midnight. Admission—Gents \$1.50, Ladies 50c. Don't miss it.

The Granum Town Council met on Tuesday evening with Mayor Kellicut in the chair and Councillors F. J. Sandgathe, J. H. Boyle, A. S. Peebles and G. R. Torrence present. Considerable discussion took place with regard to the building of more sidewalks on residential streets. The passing of accounts and other routine business occupied the attention of the meeting.

The Granum Trail Rangers may not win the Allan Cup this year but they won a notable victory on Friday evening last when they defeated the strong and vigorous "Tigers" of Claresholm by the score of 2-1. Two of the Granum stars were not able to go, Basil Rompainen and Edwin Hermon, and with only one available sub, Chellis Easton and Herman Rompainen were pressed into service and did all that was required of them. The game had in it all that a hockey game could have except a big score, and that might have been bigger except for the remarkable work of C. Field in the Granum goal. Anderson, Arit and Russell carried the puck through the heavy and rugged Claresholm team time after time, and Russell's shooting was terrific, he scoring both goals, one on an assist from Easton. Bill Field was effective in his checking, and Edwards and H. Rompainen went at top speed when called into the

fray. After gaining a lead in the final period the Granum boys played defensive hockey. F. Braren of Claresholm, made an efficient referee.

Dates on which you have the opportunity to get away from home for a cup of tea and when you may buy your Sunday baking: Saturday, March 15th—W. C. T. U. Tea and Pantry Table. Saturday, March 22nd—Jumbo Valley Ladies' Aid Tea and Pantry Table. Saturday, April 5th—United Church Ladies' Aid Tea and Pantry Table. Saturday, April 19th—Presbyterian Ladies' Aid Tea and Easter Sale. All at Reynolds' Hall.

On Tuesday when S. Aisenstat was returning from Calgary with a trailer loaded with fruit and groceries he experienced some trouble north of High River, the trailer losing a wheel. Mr. Aisenstat went into High River for repairs and on his return found thieves looting his fruit and groceries. The matter has been placed in the hands of the A. P. P. Mr. Aisenstat is a loser to the extent of about \$45.00—the thieves he found in action having been preceded by others who had got away with goods to the amount mentioned.

At the morning session of the Church School of the United Church next Sunday, March 9th, there will be an address by Mrs. L. C. McKinney, of Claresholm. The School has been pursuing a series of studies on "Alcohol," and Mrs. McKinney will speak on the subject of "Alcohol and Human Well-Being." Men and women are especially invited. It might be pointed out that this is much more than an academic question as the Government of the Province has considered the matter of sending a specialist to speak at the day schools on this subject.

While helping to drive a herd of horses into the barn last Saturday afternoon Donald Cameron was knocked down and trampled so that he was unconscious for several hours, and suffered a laceration of the face and a severe chest injury. He was carried insensible into the house where he was attended by Dr. Cohen. While enduring a good deal of pain and discomfort, Mr. Cameron has been recovering a little strength, and if no complications set in, it is hoped that he will recover entirely from what was very nearly a fatal accident. Hosts of friends from near and far have been enquiring as to his condition, and the sympathy of all is being extended to him and his family during days of suspense together with gratitude that death did not result from the accident.

The Young People's Society last Monday was attended by thirty young men and women, the program being opened by the Vice-President, Miss Mae Henker, with praise and prayer. Miss Davis acted as Secretary. After business the choir was taken by Dorothy Smith, who conducted the Round Table on the following four questions: 1—Whom Do You Consider the Greatest Person Who Ever Lived? 2—"Why Do You Consider the One You Name the Greatest? 3—To What Extent Do You Consider it Worth While for You to Develop the Characteristics of Your Hero? 4—How May Such Development Take Place? Among those taking part in the "Round Table" were Miss Blair, Miss Davis, Fred Clarke, Charles Field, and Mr. Mair. Miss Emma Lantinga presided at the organ. The next meeting on Monday evening, there will be a literary program. Every young man and woman should be there. Attendance and interest is growing constantly.

DONALD CAMPBELL IS LAID TO REST—LARGE NUMBERS ATTEND FUNERAL RITES FOR GRANUM FARMER

The funeral of the late Donald Campbell took place on Thursday, Feb. 27. A short service was held in the home at 1 o'clock attended by friends of the family and neighbors. The cortege then moved to the Granum Presbyterian church, where a service was conducted by the pastor, of the church assisted by Rev. A. Ferguson of Macleod.

The church was filled to overflowing, a large number being unable to gain admission. Mr. and Mrs. J. P. Ross sang a duet, "Lead Me Gently Home." The procession to the cemetery was the largest seen in many years and was an eloquent testimony to the great respect and affection felt for deceased and his life partner. After the commitment service the Masons gave their farewell service led by Canon Middleton of Cardston, Grand Master, assisted by W. Corcoran of Claresholm. The pall-bearers were Messrs. R. A. Macleod, M. Matheson, A. A. Stephenson, W. Thompson, W. MacDairmid, C. Travis.

Many of deceased's old friends travelled long distances to be present at the last rites. He leaves a blank in the community which will be hard to fill.

Widespread sympathy is felt for the one he leaves behind.

ALBERTA MOUTH HEALTH CAMPAIGN

It is already too late for many of those who have reached adult years to have more than remedial work done upon their teeth, but it is not so with the children and particularly with those of pre-school age. It is here that preventive dentistry can be practised with the most lasting benefits both to the individual and the state. With the idea of saving the men and women of tomorrow from the suffering and disease of the present generation the gospel of preventive dentistry is being carried on to the homes and schools of Alberta.

The campaign is being conducted by the Canadian Dental Hygiene Council, working in co-operation

with the Department of Health and the Department of Education of the Province, and the Alberta Dental Association. The Province has been divided into twenty-two districts for the purpose of the organization of this great campaign.

Preventive dentistry does not mean visits to the dentist's office. It is education of the young people in the proper care of the teeth, and that means less trouble in adult years and a healthier and happier people.

Every child attending school in the Province of Alberta will receive instruction in dental hygiene during the next sixty days through the medium of the Province-wide campaign which is being conducted by the Canadian Dental Hygiene Council.

It is the greatest good health campaign ever attempted in the Province of Alberta and will be of outstanding benefit to thousands.

Essay Contest

An Essay Contest open to all school children in Alberta from Grade VII up is being conducted in connection with the Province-wide Good Health Campaign under the auspices of the Canadian Dental Hygiene Council, working in co-operation with the Provincial Department of Public Health and Education, and the Alberta Dental Society.

For the purposes of this Essay

Contest, the Province has been divided into twenty-two districts, and a prize of ten dollars will be awarded for the best essay in each district. These prize-winning essays will then be submitted to the central committee at Edmonton and the one adjudged to be the best in the Province will be awarded a further prize of twenty-five dollars. (25.00).

The subject of the essay is "Mouth Health" which is the title of a new bulletin just issued by the Provincial Department of Public Health. Essays must not exceed 750 words in length.

PRINCE OF WALES IS RECOVERING FROM ATTACK OF MALARIA

Nairobi, Kenya Colony, British East Africa, March 4.—(A.P.)—An official bulletin issued this morning by physicians to the Prince of Wales, who is suffering with subtertian malaria, said: "The Prince of Wales is now convalescing. He expects to leave for Uganda, March 9, as originally arranged."

Still, if a job as dry agent can corrupt a man, all he lacked of being a crook was the opportunity.

In the old days the homely daughter taught school instead of becoming a beauty expert.

Third Great West Canadian FOLKSONG HANDICRAFTS Festival at CALGARY MARCH 19 to 22

Four days of lovely music and color, illustrating the Arts, Crafts and Song of the peoples of the prairie provinces—British, French-Canadian and European, with an American flavor of Cowboy songs.

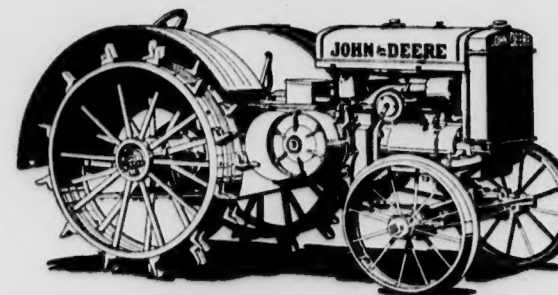

Singers, Instrumentalists, Folkdancers from racial groups in the picturesque costumes of their country of origin. Visiting Artists, including Isabelle Burnada, Selma Johansen de Coster (The Swedish Nightingale) and Charles Marchand, French-Canadian Folksinger. Handicrafts organized by the Canadian Handicrafts Guild (Alberta Branch), Music and Folkdancing organized by the Canadian Pacific Railway.

N.B.—Those wishing to exhibit handicrafts should communicate with Mrs. J. J. Anderson, Secretary Alberta Branch, Canadian Handicrafts Guild, 1.e. March and Apts., Edmonton, or Palliser Hotel, Calgary, Alta.

Let Us Prove Our Claims

for the John Deere Tractor

There is no doubt in our minds that the John Deere is the tractor best suited to our farm needs.

There's only one place for us to prove this to your own satisfaction—that's right out on your own farm.

We want you to see with your own eyes the tremendous amount of power this light-weight tractor can deliver. We want you to run it yourself—so that you may

know how simple and easy it is to operate—how it responds instantly to every demand, whether at the draw-bar or on the belt.

The John Deere Tractor has established records everywhere for less fuel and oil consumption—for low upkeep—for continuous, uninterrupted service month after month, year after year—records difficult for other tractors to equal.

We know what the John Deere Tractor will do. We want you to know it, too. Give us the opportunity to show you.

BETTER THAN THE SMOKEHOUSE

CONVENIENCE—Just rub or brine with Old Hickory and forget the heavy work.

SAFETY—Put your meat in cure and your worries are ended and you are free for other things.

ECONOMY—Get full 15 lbs. out of every 15 lb. ham instead of the shrunken ham from the smokehouse.

MEAT KEEPS—The genuine smoke on Old Hickory works for you right at the start when you need it most—in cure.

FLAVOR—You do not know how good your smoke cured meat can be until you eat meat that has been cured with Old Hickory Smoked Salt.

DRUDGERY—The Smokehouse belongs to the dark ages of agriculture.

DANGER—Never a moment free of this peril from the time you start the smokehouse fire.

WASTE—Save the 10 lbs. of every hundred lost by excessive trim and smokehouse shrink.

SPOILAGE—You cannot control the weather. That occasional warm day worries you if you depend on the smokehouse.

WHY GAMBLE!—Why take chances of robbing your family of the flavor and goodness that Nature intended, that Old Hickory Smoked Salt insures.

THE WHITE HALL

Reach & Co. Ltd. have put on their delivery service an exceedingly nippy looking covered Ford delivery car.

J. F. Canning, farmer of Willow Creek, has returned from the Coast, after spending about a month visiting coast cities.

On Friday the Rathwell U. F. A. held a dance at the Rathwell School House and in spite of the stormy weather there was a good attendance. These not dancing played cards. The music was furnished by Edgar's orchestra.

H. A. Craig, Deputy Minister of Agriculture, Edmonton, and S. H. Gandier, principal of the School of Agriculture, Claresholm, were visitors in Macleod on Monday afternoon, meeting with officials of the Agricultural Society.

Mr. and Mrs. Nelson Genge, of Calgary, arrived in Macleod last Thursday, called by the serious illness of Mr. Genge's mother, which later culminated in her death. Colin Genge, his brother, also arrived from Vancouver on Saturday night.

Last week the ladies of the Anglican W. A. held a very successful afternoon card party in the Parish Hall, Bridge being played, Mrs. Claude Gardiner winning first prize. During the tea hour piano selections were played by Mrs. R. Vise.

In the hockey game between Edmonton and Blairmore for the Provincial Championship, played at Edmonton Wednesday night, the score was 4-4—the teams in an hour's overtime failing to break the tie. The deciding game will be played at Edmonton to-night—Thursday.

Mrs. F. O. Rosling will accompany her son to Lethbridge on Thursday where the little lad will be placed under the care of Dr. Woodcock, our specialist, the child has been suffering for several months from an ear ailment and recently underwent an operation in Lethbridge. The many friends of the family hope to hear the very best report on the child's condition when Mrs. Rosling returns home next week.

A. J. Dersch of the Macleod Silver Fox Farm received returns today from the sale of five pelts which he recently shipped to the marketing department of the Canadian National Silver Fox Breeders Association. The five pelts netted \$436.00 the highest price being \$104.55. This Mr. Dersch considered was a very good price in view of the fact that within the past few months silver fox pelts have slumped in price from 30 to 40 per cent. Four of the pelts were evidently of a superior quality, all bringing high prices, but one was inferior, which brought the average price down. Mr. Dersch has had a most successful year in breeding and rearing foxes and the high prices received shows the high grade of stock which he carries on his farm. Starting out with 2 pair of foxes about 5 years ago, one pair only of which were breeders, Mr. Dersch today has 29 pair on the farm, 14 pair of them being his own property and 6 pair boarders belonging to other owners. Last fall he pelted 29 foxes, part being boarders the balance his own, and the prices received for those sold up to date have been very satisfactory.

factory, which shows that fox farming in Alberta when properly looked after and conducted as Mr. Dersch does, is a good paying business.

The Macleod Town Council met for the regular monthly meeting on Monday night. Mayor J. W. McDonald, K. C., presided, and the other councillors present were Messrs. Day, Hoodless, McLeod, Swinerton and Tweed. Couillard & Lush made application for permission to erect a service station on the other side of the street from their garage, on the small vacant V shaped lot west of Stevens carpenter shop. Referred to the Works and Property Committee. J. H. Stockton asked for permission to erect a gasoline pump in front of his store. Referred to Works and Property Committee. Dr. W. R. Haig, Medical Health Officer, presented his report for the month of February, which showed that there were no cases of contagious disease during the month.

H. A. Craig, Deputy Minister of Agriculture, of Edmonton, accompanied by Principal S. H. Gandier, of the Claresholm School of Agriculture, were visitors in Macleod on Monday afternoon. The purpose of the visit of these gentlemen was to confer with the officials of the Agricultural Society and School Fair. They met in the office of R. J. E. Gardiner, and the officers present were P. J. Hornberger, 1st Vice President; J. P. Freeman, 2nd Vice President; Secretary, M. T. McKenzie; Directors: Chas. Faulkes and R. J. E. Gardiner. The president, W. H. Shield, M. L. A., is at present in Edmonton attending the sessions of the House. The principal question discussed was the method that has been proposed by the Society of holding the School Fair as a junior section of the Agricultural Fair. Mr. Craig and Mr. Gandier promised every support so far as judges were concerned but could not make any promises with regard to grants. However the discussion cleared up several points, and the meeting was altogether very satisfactory to all concerned. The

ELECTRICITY

---is a community builder
---it aids industrial progress
---it increases property values
---and it's one of the cheapest necessities you buy.

And, not to be overlooked, there are the convenience, cleanliness and cheapness of electricity used in your own home.

As a great public service enterprise, we are happy to be able to contribute something to the growth of your community and to your personal comfort, by rendering the type of service that makes electricity a real asset to your community.
